Twisting

EUROPEAN QUALITY

Corbeo manufactures a vast range of cotton twines. We have a fixed set of 24 colours cotton yarn to produce macrame twines from 1 mm up to 6 mm. Our product range also includes baker's twine and national twine in different colour combinations.

Unique to Corbeo are our metallic twines and Hortiray. Metallic twines are made from our coloured cotton yarns, twisted with a silver or gold coloured synthetic yarn. Hortiray is a range of 100% natural and biodegradable horticulture twines.

Conditioning

CONVERSION OF QUALITY ROPES AND TWINES INTO RETAIL SALES UNITS

With highly automated conversion and conditioning machinery, we create the product you want to offer to your customers.

Our machinery is capable of automatic hank winding and precision winding on tube, large and small bobbin making and ball winding.

PASSIONATE ABOUT BINDING

Packaging

CONSISTENT LOOK AND FEEL

Our packaging lines create the final touch for your sales items. Standard options are: a shrink wrap around the product or a bag with a cardboard header for a more visible product presentation. We also provide special packaging for specific-use ropes.

To minimise our impact on the environment, we are constantly looking for the most durable packaging solution.

Extensive stock

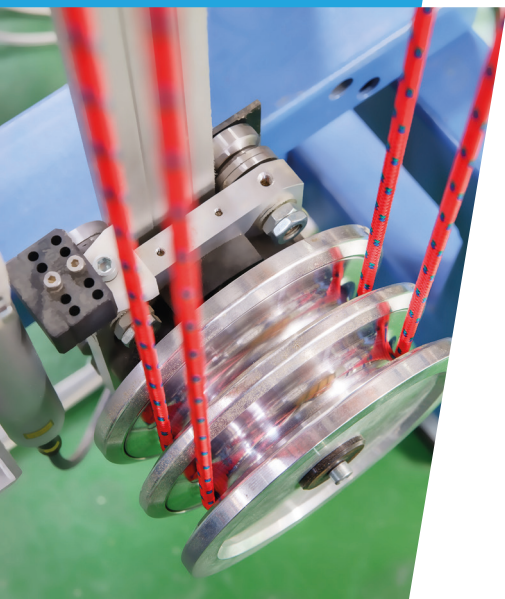

SMALLER ORDER QUANTITIES AND SHORT DELIVERY TIMES

Corbeo has a wide range of high-quality binding solutions. We keep an extensive stock on big rolls and coils in our warehouse in Belgium. This stock of semi-finished products guarantees shorter delivery times for your specific orders.

Our stock includes:

- Cotton macrame twines
- Sisal ropes and twines
- Flax ropes and twines
- Polypropylene ropes
- Nylon (polyamide) ropes
- ...

Why buy from Corbeo?

- Worldwide sourcing network with direct access to natural rope farmers
- A team with an in-depth technical knowledge, available to support you
- Smaller order quantities and short delivery times compared to container import, with a significant positive impact on your working capital
- Maximal sustainability of our products and processes, for example:
 - Natural or recycled ropes when possible
 - Production on solar energy
 - Local production to minimise transportation impact on climate
 - Recyclable or natural packaging materials
- Assistance in the creation of all required product data and visuals for eCommerce, artwork and point-of-sales information
- Private label options available
- High quality standards
- Amfori BSCI and BEPI membership for social and environmental compliance
- A Belgian company, run by European standards and processes

CORBEO

Corbeo is a Belgian family-run business that specialises in the manufacture and supply of ropes and strings for various applications. In-house production facilitates the manufacture of high-quality cotton ropes and our worldwide network guarantees the supply of high-quality raw materials and end products. Thanks to years of experience, we are able to meet your specific needs with an optimal solution.

MISSION

Passionate about binding!

VISION

As a flexible and local manufacturer with a focus on sustainability, we are the European rope-reference for retail and professional users.
